

Bremerton, WA 98337

April 17, 1995

To Whom It May Concern:

We live near the Sisko property and are concerned about the way this land is being used.

These are our concerns

- ① The collection of old cars and busses which are unsightly and inappropriate, we feel, in an area close to residential housing. These items just sit there.
- ② The collection of an old barge and storage tanks in the tide land area - sometimes water, sometimes beach. The beach has rust on it from the barge.
- ③ The cutting of vegetation on city right-of-way at the end of the road (Pennsylvania Ave) and other cutting of vegetation (especially trees) which we fear will result in weakening the bank and causing additional slides off the bank. (Two slides off the bank in that area have occurred in recent years.)
- ④ The mobile building moved in over the old oil tank area combined with the old junk vehicles seem like an attractive nuisance and dangerous. There are many children who live at the marina and in the neighborhood. The area is fenced, but the gates are sometimes open.

Sincerely,

(b) (6)
